Chiharu Shiota: *Home Less Home*

May 22–September 1, 2025

Berlin-based Japanese artist Chiharu Shiota foregrounds stories of migration, home, connection, memory, and consciousness in her awe-inspiring installations. Using line in the form of string, Shiota creates immersive installations that underscore human connection and experience. Featured as part of the Boston Public Art Triennial 2025, this exhibition will present two signature, large-scale installations at the ICA Watershed that consider the ways humans collect memories and form connections as they move and travel. *Chiharu Shiota: Home Less Home* is organized by Ruth Erickson, Barbara Lee Chief Curator and Director of Curatorial Affairs, with Brianne Chapelle, Curatorial Department Coordinator.
